

My Story about Staying at Home.

     
My family, teachers and class all have to stay at home.

   
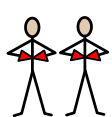

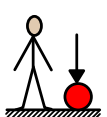

This is to keep us safe.

   
When I am at home I can:

   
watch TV, play on my tablet, do a puzzle or look at a book.

     
Adults will help me choose other home activities to do when

 
school is closed.

   
We are all staying at home to be safe.
