

  
Being Outside is Different

   
At the moment things are different.

   
Things are different because of Corona Virus

   
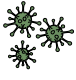

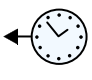

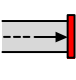

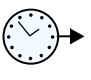

The streets are quiet.

   
The shops are quiet.

   
The parks are quiet.

   
The beaches are quiet.

      
This is because people are staying at home being safe.

         
When Corona Virus has finished, things will be busy again.
