

My

story

about

PPE

Some people

are

wearing

PPE.

PPE

can

help

stop

Coronavirus

from

spreading.

I

might

see

people

wearing

PPE

in shops,

on TV

or

when

I

go

outside.

People

wearing

PPE

may

look

scary

or funny.

This

is

ok.

They

are

wearing

PPE

to

keep

us

safe.

They

are

wearing

PPE

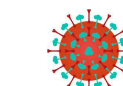

to

help

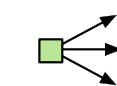

stop

Coronavirus

from

spreading.

I can

talk to

an adult

if

I feel worried

about

PPE.
